PLEDGE TO HELP PERSECUTED CHRISTIANS
Helping those who suffer for their faith with Aid to the Church in Need

Christians are the world’s most persecuted faith community and their departure from the Middle East is tantamount to a mass exodus. Now the survival of the Church is at stake in many of its heartlands. In the Middle East and in countries such as China, Egypt, Eritrea, Nigeria, North Korea, Pakistan and Sudan, Christians suffer severe persecution – murder, false detention, media taunts as well as verbal and physical abuse. They are denied justice in courts of law and are forced to become third-class citizens in their own towns and villages. Access to proper healthcare, education and job opportunities are thereby severely restricted.

I pledge to act on behalf of victims of persecution by taking one of more of the following steps:

☐ Becoming informed about an individual case of persecution or a country of concern with the help of ACN e-newsletters and news briefings
☐ Writing to the Ambassador to the UK for that country
☐ Tabling an Early Day Motion in Parliament
☐ Writing a letter to the responsible Government Minister
☐ Raising a question in Parliament

I will EITHER take up an individual case of persecution involving a particular individual or group, OR take up the plight of Christians in a particular country.
